Our two Instructional Coaches have had a busy year coaching teachers on how to best implement research-based instructional practices in order to increase engagement and overall student achievement. Over the course of the year, the coaches have delivered professional development modules focused on AVID and <a href="Teach Like a Champion">Teach Like a Champion</a> techniques, led two book studies on inquiry and participation ratio, and have met one-on-one in formal coaching cycles with almost every teacher in our K-12 system.

To be effective in their role, our Instructional Coaches participate in ongoing professional development focused on the art of coaching. They have completed 8 days of Cognitive Coaching training and will also complete a 2-day Instructional Coaching Summit. Coaches are instrumental in increasing teacher effectiveness as they engage in planning and reflecting conversations focused on a student-centered goal. Beginning in May, the coaches will switch their focus to planning and preparing high-quality professional development during WCA's Summer Institute and will attend AVID Summer Institute in June, alongside four administrators and fifteen teachers.

**EMPOWER Program:** Our Communications Manager was accepted to participate in this year's EMPOWER program hosted by Weld RE-4. This group is composed of community leaders and parent stakeholders across the district. Each month, the group meets at various locations across the district to learn more about each department or district function (governance, finance, facilities, curriculum, etc.). The topic of the first meeting was charter schools. Dr. Teeples was in attendance to answer the group's questions about charter schools. Sara Sanders will represent Windsor Charter Academy at each of these monthly meetings for the next six months.

#### **Elementary School**

A wide variety of work and activities occurred during the last month. The following outline highlights of this work:

- **First Grade Field Trip:** After two years of restrictions while maneuvering through the pandemic, our students were fortunate to be able to load back up on the big yellow bus. First grade students traveled to the Museum of Nature and Science in Denver. Students and teachers were so excited for this great off-campus learning opportunity.
- **Firebird Fun Run Fund Drive:** Students at the elementary raised over their goal of \$60,000 toward artificial turf for the backyard. Run.Windsor helped to sponsor the race and supplied students with official run tags that kept track of student laps. A school-wide assembly will be held to celebrate our accomplishments at which time Mrs. Wilson will kiss a pig. Kona Ice will also be coming to the elementary to add to and conclude this fundraiser.
- Arbor Day Celebration: On Thursday, April 14th, kindergartners joined in celebrating Arbor Day.
  The Windsor Tree Board, Colorado Department of Forestry, and the Mayor of Windsor all came to
  tell students about the meaning of Arbor Day and to help the Elementary welcome and
  celebrate a brand new beautiful Redpointe maple tree in the back northwest corner of our
  school grounds.
- Annual Stakeholder Surveys: Elementary school teachers and the Building Leadership Team
  analyzed the data from the annual stakeholder surveys, identified celebrations, and created
  action items to address priority challenges.

- Service Area Waiver: Colorado law states that institutes of higher learning cannot provide services to off-campus students outside of specific geographic areas. Traditionally, this has meant that WCA can only partner with Aims Community College. In order to expand its offerings for WCA students, WCA is working on a service area waiver from Aims Community College so that it can partner with Front Range Community College as well starting in the fall. WCA hopes to start this new partnership by transitioning our math department to FRCC.

The format of Summer Institute has been modified this year to prepare for the implementation of our newly adopted English Language Arts curricula. Three days will be dedicated to Curriculum Deep Dives, which will include a standards overview, unit pacing, and assessment planning. One day of training will be devoted to a robust line up of offerings, including incorporating AVID and <u>Teach Like a Champion</u> strategies into instruction and using technology in the classroom. Sessions will be facilitated by one of our very own teacher leaders, instructional coaches, or administrators.

### 6. Worker's Compensation Benefits

Employees temporarily absent from work and unable to perform their duties as a result of a work-related injury for which they are eligible for worker's compensation benefits, will be paid their full salary (until the individual employee's PTO leave is exhausted) less the amount of any worker's compensation payment benefits, or awards made for temporary disabilities due to said injury, during the period of such temporary absence from the date of said injury. If the employee is entitled to any PTO leave benefits from the SchoolWindsor Charter Academy in addition to that employee's salary, the amount of the additional PTO leave benefits shall also be reduced by the amount of any worker's compensation received by the employee. Employees receiving worker's compensation benefits are not eligible to use PTO leave bank time.

The Executive Board shall have the right to have such employee examined by a physician designated by the Board to assist in determining the length of time the employee is temporarily unable to perform duties, and that the disability is attributable to the injury involved.

## 7. Family and Medical Leave

Eligible staff are entitled to unpaid leave under the Federal Family Medical Leave Act (FMLA). The conditions for such leave are outlined in School Policy GBGF.

Windsor Charter Academy Executive Board Adopted: May 2001 August 2007 September 2009 June 2010 February 2016 December 2020 May 2022

### **PROFESSIONAL DEVELOPMENT**

#### **Credit Hours**

Teachers and other eligible personnel will have an opportunity to increase their salary by earning professional development credit.

The following credits are eligible for salary advancement.

- 1. Credit hours from a college and/or university.
  - Up to two credit hours for supervision of a student teacher that is a semester in length; up to one credit for supervision of a practicum teacher. Supervision of a student teacher that is shared with one or more teachers shall have the credit hours prorated based on the number of supervising teachers during the semester.
- 2. Credit hours from professional development course offerings provided by Windsor Charter Academy.
- 3. Credit hours from professional development course offerings provided by external organizations that are approved in advance by the Director of Curriculum, Instruction, and Innovation.
  - Up to two credit hours of experiential learning (i.e. study abroad programs) can be applied for every 10 credits that are earned within three years of application for salary advancement. Credit hours are determined by the number of hours in experiential learning and not time for travel. Experiential learning must be specific to the content that the individual teaches.

Fifteen contact hours of professional development equals 1.0 credit. Course offerings eligible for credit approval must meet a minimum threshold of 0.25 credits.

### **Approval of Credits**

A teacher must submit a request to advance on an official form as provided for this purpose. The official form for salary advancement must be completed by March 31st for the next school year.

The Director of Curriculum, Instruction, and Innovation shall review the request for advancement and make a determination on relevant credit hours submitted for licensure. Professional development course offerings must have relevance to the appropriate CDE Professional Licensure Standards and for the content that the individual teaches. In the case where the applicant disagrees with the decision of accepted credit hours, the Executive Director shall cause a review team to review the request for advancement. The review team shall consist of the Executive Director, Director of Curriculum, Instruction & Innovation, Director of Finance & HR, one Board Member, and one teacher. If, in the opinion of the review team, credits are not deemed sufficient with regard to relevance to appropriate licensure standards, the team may deny such credits toward advancement. If the review team finds in favor of the individual making the request, the credits shall count toward advancement. The findings of the team shall be final. In the case where a majority of the members of the review team cannot reach a decision, the team shall refer the decision to the Executive Board President and the decision of the Executive Board President shall be final.

Official transcripts and/or evidence of successful completion must be submitted to the Executive Director or designee no later than September 1st of the current school year.

### **Pay Increases**

Advancement granted in March shall be paid on the next contracted school year and be evident in the September payroll.

#### Other Considerations

Teachers that are hired with a bachelor's or an advanced degree, but are not certified teachers, may wish to complete an alternative licensing program. Credit hours from professional development course offerings provided by external organizations for alternative licensing must be approved in advance by the Director of Curriculum, Instruction, and Innovation to be considered for horizontal movement.

Once a bachelor's degree or master's degree is obtained, hours for salary advancement must be earned after the date the degree was granted.

Credit for advancement shall not be granted for course work or other professional development activities completed more than seven (7) years prior to the date of the request for advancement.
