#### 4.0 Reports

#### 4.1 Executive Director Report

#### Technology Updates

The Tech Team worked tirelessly all summer to ensure technology was ready for staff and students. A new TV was installed in the elementary cafeteria, and 540 new Chromebooks and 65 new iPads were added to our inventory and deployed to staff and students. Changes were made to our network that will provide a greater layer of security and allow for staff to connect one personal device in order to communicate in the event of an emergency. This upgrade will prioritize call and text communication over internet traffic.

#### Instructional Coaching

In an effort to build relationships and support teachers, the Instructional Coaches spent time during the first weeks of school engaged in Listening Tours with all K-12 teachers. Listening Tours are one-on-one meetings with teachers to learn about their professional growth goals and coaching needs. The coaches have been working with teachers to support the implementation of our new *Into Reading* (K-5) and *StudySync* (6-12) English language arts curriculum. They are also busy preparing for the kick-off of this year's Induction and mentoring programs.

#### Bond 2022

At Back-to-School Night for each school, we had information on the 2022 Bond and Firebird Facility. Rebecca Teeples, Sara Sanders, Courtney Stone and Donna James passed out flyers to parents and answered questions. Overall, the feedback was positive! Many people are aware of the bond and are now understanding that Windsor Charter Academy students would benefit if the bond is passed in November.

Another email was sent to families on Thursday, August 18th to inform our stakeholders that the Weld RE-4 Board of Education voted to put the bond and mill levy on the November ballot.

In addition, Sara Sanders presented to the HS Booster Club about the bond and provided each member talking points about how the Firebird Facility would help our athletes. Our hope is that the Booster Club are advocates and spread the word about the importance of voting in November.

#### Communications—Back-to-School

Staff badges, signature lines, teacher webpages, family and staff mailing lists, and our website have all been updated over the past two weeks. We are prepared for the new school year.

#### **Elementary School**

#### Professional Development

Elementary school staff participated in back-to-school professional development tied to our four school-wide goals for this year:

- ELA Academic Achievement: Percentage of students who will Meet or Exceed expectations on 2023 ELA CMAS Assessment: 3<sup>rd</sup>-75%; 4<sup>th</sup>-71%; 5<sup>th</sup>-65%
- Math Academic Achievement: Percentage of students who will Meet or Exceed expectations on 2023 ELA CMAS Assessment: 3<sup>rd</sup>-73%; 4<sup>th</sup>-60% 5<sup>th</sup>-57%
- Math Academic Growth: All grade levels will meet or exceed 100% progress towards typical growth as measured by the EOY i-Ready Diagnostic Math Assessment.
- 100% of K-5 teachers will meet the four objective for our Professional Learning Community by the end of this year and answer the four critical questions:
  - What is it we want our students to know and be able to do?
  - How will we know if each student has learned it?
  - How will we respond when some students do not learn it?
  - How will we extend the learning for students who have demonstrated proficiency?

All staff took part in professional development based on the book <u>Fish!</u> aimed at continuing a positive school culture and climate. New elementary school staff participated in 48 hours of professional development and returning staff participated in 24 hours.

Back-to-School Night

Elementary students and parents were welcomed through the doors to meet teachers and connect with one another after an exciting summer. It was a very special three-hour event.

#### • Cheers and Tears Breakfast

Kindergarten parents wished their little ones goodbye and had the opportunity to share coffee and donuts in the elementary cafeteria.

#### Middle School

#### Staff Culture

The middle school theme for the year is "Catch the Potential, Release the Energy based on the FISH! Philosophy. The FISH! Philosophy is training that inspires workplaces and individuals to choose to create the kind of life they desire. It is a simple Way of Being that allows teams to come together and agree to enjoy work more. It is based on 4 principles--choose your attitude, be there, play, and make their Day. Teams created norms based on the four principles.

#### Professional Development

Yearlong professional development will be provided to teachers on implementing Professional Learning Communities. At the end of the year, teachers will be able to answer the 4 critical questions:

- 1. What is it we want our students to know and be able to do?
- 2. How will we know if each student has learned it?
- 3. How will we respond when some students do not learn it?
- 4. How will we extend the learning for students who have demonstrated proficiency?

#### High School

Professional Development

Similar to the elementary and middle schools, the high school is focused on redefining its staff as a professional learning community. Professional development centered on what is meant by "all means all" as staff looks at the data picture of the high school. Additionally, the staff this year is focused and committed on building a collaborative culture, focusing on learning, and being results oriented.

#### • 2022-23 School Goals

The high school goals for this year:

- Drop Out Rate: Students that drop out < 5%
- ELA Academic Achievement: Percentage of students who will meet or exceed expectations on the 2023 PSAT/SAT:

#### New Student Orientation

The high school staff welcomed all 9th graders and other new students to the building a day before the other students. The leadership team are also making a concerted effort this year to get our high school parents to re-engage; parents were invited to join staff for our kick-off assembly with the students. During the assembly, students saw different paths to graduation. Most of these paths needed some assistance from others to get to the stage. This visual was shared in hope that students and parents heard the message that the staff are here to support all students as they receive their diplomas. We also invited parents to stay after the assembly for a meet and greet, as well as some volunteer opportunities.

#### 3.0 First Read Policies

#### STUDENT INTERVIEWS, INTERROGATIONS, SEARCHES AND ARRESTS

The Executive Board seeks to maintain a climate in the schools which is conducive to learning and protective of the safety and welfare of staff and students. To achieve this goal, it may be necessary for school personnel to search the person and/or the personal property of the student and to seize any property deemed injurious or detrimental to the safety and welfare of students and staff.

#### Definitions

"Reasonable suspicion" is based on facts provided by a reliable informant or personal observations which cause the school official to believe, based on personal experience, that search of a particular person, place or thing would lead to the discovery of evidence of a violation of Board policy, school rule or state or federal laws.

"Contraband" consists of all substances or materials prohibited by Board policy or state or federal law including but not limited to drugs, alcohol, guns, knives, other weapons or incendiary devices.

#### Interviews by School Administrators

When a reasonable suspicion of a violation of Executive Board policy or school rules occurs, the School Official may question potential student victims and witnesses without the prior consent of the student's parent/guardian. For any incidents that may require a referral to law enforcement reasonable attempts to notify a parent of the interview will be made except for cases where the interview is necessary to avoid imminent harm or a threat. If a school official is investigating a report of child abuse and the suspected perpetrator is a member of the student's family, no contact with the student's family will be made.

In situations where a student is suspected of violating Executive Board policies or school rules, the School Official may interview the suspected student if the school official has reasonable grounds to suspect that such a violation has occurred. The nature and extent of the questioning must be reasonably related to the objectives of the questioning. If the student denies any involvement or culpability, the student will have the opportunity to present his or her side of the story, orally or in writing.

#### Searches Conducted by School Officials

A school official may search a student and/or the student's personal property while on school premises or during a school activity in accordance with this policy and may seize any illegal, unauthorized or contraband materials.

An administrative report shall be prepared by the school official conducting a search explaining the reasons for the search, the results and the names of any witnesses to the search.

#### Search of School Property

School lockers, desks and other storage areas are school property and remain at all times under the control of the school. All such lockers, desks and other storage areas, as well as their contents, are subject to inspection at any time, with or without notice.

Students shall assume full responsibility for the security of their lockers and/or other storage areas in the manner approved by the administration. Students shall be responsible for whatever is contained in desks and lockers assigned to them by the school, as well as for any loss or damage relating to the contents of such desks and lockers.

School officials may also search vehicles parked on school property if there is reasonable suspicion. Whenever reasonably possible, another person should be available to witness the search.

#### Search of the Student's Person or Personal Effects

The School Official may search the person of a student or a student's personal effects such as a purse, backpack, book bag, or briefcase on school property or at school-sponsored events or activities if the school official has reasonable grounds to suspect that the search will uncover:

- 1. Evidence of a violation of school rules, Board policies or federal, state, or local laws.
- 2. Anything which, because of its presence, presents an immediate danger of physical harm or illness to any person.

Search of the person shall be limited to the student's pockets, any object in the student's possession such as a purse, backpack, book bag, or briefcase, and a "pat down" of the exterior of the student's clothing. Unless the search of a

## **Policy GIH**

student's personal effects constitutes a suspected immediate or imminent threat, reasonable steps to notify the student of the search will occur prior to the search of personal effects such as a purse, backpack, book bag, briefcase, etc.

The extent of the search of a student's person or personal effects, as well as the means to conduct the search, must be reasonably related to the objectives of the search and the nature of the suspected violation. Additionally, school officials conducting the search shall be respectful of privacy considerations, in light of the sex and age of the student.

Searches (either by "pat down" and/or by electronic metal detection wand) of the person shall be conducted out of the presence of other students and as privately as possible by a person of the same sex (if available) as the student being searched. At least one person of the same sex as the student (if available) being searched shall witness but not participate in the search.

Searches of a student's person and/or personal effects may be conducted without the prior consent of the student's parent/guardian. However, the parent/guardian of any student searched shall be notified of the search as soon as reasonably possible.

Searches of the person which may require removal of clothing other than a coat, jacket, hoodie, shoes, or boots shall be referred to a law enforcement officer. School personnel shall not participate in such searches.

#### Seizure of Items

Anything found in the course of a search conducted by school officials which is evidence of a violation of law or Executive Board policy or school rules or which by its presence presents an immediate danger of physical harm may be:

- Seized and offered as evidence in any suspension or expulsion proceeding. Such material shall be kept in a secure place by the School Official until it is presented at the hearing.
- 2. Returned to the student's parent/guardian. Items will remain available for reclamation by the parent/guardian for up to 7 days after the seizure may be destroyed unless preserved as evidence relative to an expulsion hearing.
- 3. Turned over to a law enforcement officer in accordance with this policy.

#### Law Enforcement Officers' Involvement

#### Interrogations and Interviews

When law enforcement officials request permission to question students when students are in school or participating in school activities, the School Official shall ascertain that the law enforcement officer has proper identification. Except when law enforcement officers have a warrant or other court order, or when an emergency or other exigent circumstances exist, such interrogations and interviews are discouraged during students' class time.

The School Official shall be present during the law enforcement interrogation or interview unless a court order provides otherwise. It is the responsibility of the law enforcement officer interviewing student witnesses or interrogating student suspects to assure compliance with all applicable procedural safeguards.

Upon request by law enforcement to interview a student witness or interrogate a student suspect, school officials shall notify the student's parent/guardian, except in cases involving investigation of reported child abuse where the suspected perpetrator is a member of the student's family, when law enforcement has a court order directing that the student's parent/guardian not be notified, or when an emergency or other exigent circumstances exist.

If the student is under 18, the student's parent/guardian also shall be present during the law enforcement interrogation or interview unless: (1) the juvenile is emancipated as that term is defined in state law; (2) the student's parent/guardian has not been notified pursuant to this policy; or (3) the student's parent/guardian agrees to the interrogation or interview without being present.

If requested by the Department of Human Services (DHS) or its designee to interview or observe a child who is the subject of a report of abuse or neglect, the School Official shall ascertain that the DHS representative has proper identification. Upon confirmation, Windsor Charter Academy will use reasonable efforts to make the student available to be interviewed or observed.

#### Search and Seizure

The School Official may request a search on school premises be conducted by a law enforcement officer. When law enforcement officers respond to such a request, no school employee shall assist or otherwise participate in the search. It is expected that searches by law enforcement will be conducted in accordance with the requirements of applicable law.

#### Custody and/or Arrest

## **Policy GIH**

Students will be released to law enforcement officers if the student has been placed under arrest or if the student's parent/guardian and the student consent to such release. When a student is removed from school by law enforcement officers for any reason, school officials will make reasonable efforts to notify the student's parent/guardian.

It is expected that all procedural safeguards prescribed by law are followed by law enforcement officers conducting student arrests. However, staff is not responsible for an officer's legal compliance when arresting a student.

#### **GENERAL STATEMENT:**

In order to maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, desks or storage areas, or student automobiles, under the circumstances described below, and may seize any illegal, unauthorized, or contraband materials discovered in the search.

#### **PERSONAL SEARCHES:**

A student's person and/or personal effects, such as a purse, book bag, back pack, etc., may be searched whenever a school authority has reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.

In such situations, the scope of the search and measures adopted must be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. Searches of the person of a student may include a search of the student's pockets or any object in the student's possession. Searches of the person of a student which require a "pat down" or which require removal of clothing other than a coat, jacket, or equivalent exterior clothing shall not be conducted by school personnel. If necessary, such searches shall be referred to and conducted by law enforcement officers.

Except in situations presenting a significant risk to the safety or welfare of students or school personnel or property, personal searches of a student shall be conducted in a private room by a building administrator or their designee and another witness, one of whom shall be of the same sex as the student.

#### LOCKER/DESK/STORAGE AREA SEARCHES:

All lockers, desks, storage, and similar areas provided for student use on school premises are school property and remain at all times under the control of the school. Student use of such areas is subject to the right of school authorities to open or enter into the same and inspect the contents for any reason at any time without notice or student consent.

No student shall lock or impede access to any locker, desk or storage area except with a lock provided or approved by school authorities. Unapproved locks or impediments will be removed and destroyed. Students assume full responsibility for the security of their lockers, desks and storage areas and any loss or damage to the contents therein.

Under normal circumstances, students shall be notified of the pending search and given the option to be present at the search. However, if, in the opinion of school or law enforcement officials, it is expedient not to notify the student whose locker, desk or storage area is to be searched, the principal or his/her designee has the authority to proceed without such notification.
