#### 2.0 Citizen Communication

The meeting was well-attended by parents. There were 14 parents that spoke during citizen communication at the Executive Board Regular Session. The following parents spoke on athletics and fees:

- Carolyn Mader: Fees have an impact on family budgets. This can create a
  burden when families have multiple children playing multiple sports. There are
  always additional athletic costs that occur that impact family budgets such as
  team meals, team shirts, etc.
- Annie Hennen: The Board should strive to find a more moderate way to support athletic programs. Fundraising opportunities could support athletic needs.
- David Foltz: Athletes learn critical life skills. There should be a maximum spending per family that includes athletic fees and gate fees.
- Heather Anderson: Increased fees support growing programs. The prior approved fees are competitive with surrounding schools. Other schools have foundations to support the needs of athletic programs.
- Betsy Hart: Gate fees are needed to support athletic programs.
- Tara Smith: The message of increased athletic and gate fees differs from the message shared of having a healthy operational budget. Parents would like to understand why gate fees must occur and what our priorities are.
- Brett Brown: It is important to ensure that the growth and refinement of athletic programs occur. Families are responsible for supporting their family needs through athletic fees rather than funding from the operational budget that comes from enrollment from the entire WCA community. WCA needs to invest in quality programs.
- Serena Schmidt: As a 3A school, programs grow and costs rise with the growth. Fees offer opportunities for skill growth. Through athletic refinement, a well-rounded experiences will be available for students.
- Richard Werner: The Board should be diligent in its commitment to strong communications with its parents. Listening to parents and their concerns is an important responsibility.
- Jami Jaques: A reasonable sports fee is important. A cap should be considered; as the Board analyzes the impact on the budget, they should analyze the impact fees have on families. The current adopted fees would have an impact on their family of \$1680 for their family to attend games as a family.

- Tina Toman: All parents are in favor of athletics. There are creative ways to raise needed money. There should be equal opportunities for all students across programs and subject areas.
- Keith Dellapina: CHSAA is an organization that supports more than athletics, but also other activities. Athletic programs are expensive; needed investments in these programs yield priceless experiences for students. Booster programs could help offset costs. Athletics is branding; it is traveling marketing.
- Tabatha McClure: Athletic fees and gate fees for families have spanned time; they have been around for decades. Athletics is visible. There should be a focus on building programs of excellence, while addressing the concerns and needs of families and expensive programs.
- Kami Anderson: WCA draws families to their schools because of the variety of
  programs that are offered. There is a need for revenue that comes from fees to
  support these programs. Transportation is an issue and should be a priority. WCA
  should focus on creative fundraising to support programs and could help lower
  gate fees.

# 3.0 Items for Action

#### **GRADUATION REQUIREMENTS**

Windsor Charter Academy Executive Board establishes the following graduation requirements for Windsor Charter Academy. These requirements are formed to meet the many demands of a literate society. These requirements are established after consideration of many factors. Some of the contributing factors are:

- Providing students with the necessary preparation and credits to enter a
  post-secondary institution and fulfilling the requirements that these
  institutions may have relative to admissions requirements.
- Meeting K-12 educational standards as measured by state accreditation mandates.

#### Minimum Units of Credit Needed to Graduate

All students must complete the necessary credit requirements outlined in the graduation requirements below to participate in the graduation ceremony. Courses taken outside of the district will be evaluated to determine if credit will be granted. Any exception should align with the student's official Individual Career and Academic Plan (ICAP). Credits shall be granted for grades of D and above. The exception to this requirement shall be "social graduations" for certain students with disabilities. Foreign exchange students are not eligible for an authorized diploma from Windsor Charter Academy.

To be awarded a diploma, a student enrolled at Windsor Charter Academy Early College High School must earn a minimum of 26 credits that include the following:

- Math—3 credits
- English—4 credits
- History/Social Sciences—3.5 credits
- Science—3.0 credits
- Physical Education/Health—1.0 credits
- ICAP—2.0 credits
- Flectives—9.5 credits

A diploma shall consist of the minimum requirements necessary to graduate from Windsor Charter Academy. Any exception to these requirements must be approved by the student's counselor, the principal, the Executive Director and should align with a student's individual career and academic plan.

# College and Career-Prepared Demonstration of Competency Needed to Graduate

Additionally, beginning with the class of 2021, all students in Colorado must meet additional minimum requirements to graduate from high school and demonstrate college and career readiness. To graduate, students must obtain one passing score in English and one passing score in math from one of the options below.

NOTE: In July 2020, the State Board of Education voted to provide flexibility for graduation requirements for the Class of 2021. The requirements that include passing proficiency scores below will be delayed but plan to be implemented with the Class of 2022.

# Students on Individualized Education Plans

For students eligible for special education and who have an active Individualized Education Plan (IEP), the IEP may be used to outline and provide for appropriate course substitutions to supplant or replace current graduation requirements with alternate course options. These course alternatives must directly align with the student's IEP and documented postsecondary goals and must be approved by both the school principal and the Executive Director.

Students whose IEP may supplant required graduation requirements may still earn a diploma if they are able to demonstrate minimum competency measures by meeting one or more of the assessment thresholds listed above. Students requiring curricular modifications may earn a diploma if able to demonstrate minimum proficiencies outlined by this policy and/or the Colorado Department of Education.

Special Education students who are eligible to participate in social graduations are those who:

- Have a current Individualized Education Plan (IEP).
- Have a commensurate number of credits (currently 26) required by the Windsor Charter Academy Executive Board for graduation (These need NOT be the same required courses needed for a diploma).
- After obtaining their 26 credits, will continue to receive special education services in the district's 18-21 Windsor Exceptional Students Transitioning (WEST) program and have district transition related goals necessary to obtain the postsecondary goals outlined in the IEP.
- Are ready and need community based part-time transition focused special education services.

Those students who are NOT eligible for social graduation are those who:

- Have less than 26 total credits.
- Are younger than 17 years of age as of September 1st of the active school year.
- Have 26 credits but whose needs require continuation at the high school instead of a part-time community-based setting in order to receive Free Appropriate Education (FAPE).

Special education students participating in a social graduation shall receive a certificate of transition at the commencement ceremony in lieu of a diploma or certificate of completion. Once a student is no longer eligible to receive special education services (e.g., the student has reached the age of twenty-one), the student shall be issued either a diploma if the district diploma requirements as outlined above have been met or a certificate of completion if the district diploma requirements have not been met.

Students are encouraged to begin planning during their high school years so they will be adequately prepared for postsecondary opportunities upon graduation. The Colorado Commission on Higher Education (CCHE) is required to provide information about postsecondary education opportunities including admission requirements for institutions of higher education in Colorado to the parents/guardians of eighth grade students. Prior to a student's enrollment in ninth grade courses, Windsor Charter Academy will make information available to the parents/guardians of eighth grade students concerning the courses the Windsor Charter Academy offers that meet the CCHE admission requirements.

# REPORTING CHILD ABUSE / CHILD PROTECTION—REGULATION

# 1. Definition of Abuse or Neglect

Child abuse or neglect is defined in law as "an act or omission which seriously threatens the health or welfare of a child." Specifically, this refers to:

- a. Evidence of skin bruising, bleeding, malnutrition, failure to thrive, burns, fracture of any bone, subdural hematoma, soft tissue swelling or death and such condition or death which is not justifiably explained or where the history given concerning such condition or death is at a variance with the condition or the circumstances indicate that the condition may not be the product of an accidental occurrence.
- b. Any case in which a child is subject to unlawful sexual behavior as defined in state law.
- c. Any case in which a child is in need of services because the child's parents, legal guardians or custodians fail to take the same actions to provide adequate food, clothing, shelter, medical care or supervision that a prudent parent would take.
- d. Any case in which a child is subjected to emotional abuse which means an identifiable and substantial impairment of the child's intellectual or psychological functioning or development or a substantial risk or impairment of the child's intellectual or psychological functioning or development.
- e. Any case in which, in the presence of a child, or on the premises where a child is found, or where a child resides, a controlled substance, as defined in Colo. Rev. Stat. §18-18-102(5), is manufactured or attempted to be manufactured.
- f. Any act or omission described as neglect in state law as follows:
  - i. A parent, guardian or legal custodian has abandoned the child or has subjected him or her to mistreatment or abuse or allowed another to mistreat or abuse the child without taking lawful means to stop such mistreatment or abuse and prevent it from recurring.
  - ii. The child lacks proper parental care through the action or

- omissions of the parent, guardian or legal custodian.
- iii. The child's environment is injurious to his or her welfare.
- iv. A parent, guardian or legal custodian fails or refuses to provide the child with proper or necessary subsistence, education, medical care or any other care necessary for his or her health, guidance or well-being.
- v. The child is homeless, without proper care or not domiciled with his or her parent, guardian or legal custodian through no fault of such parent, guardian or legal custodian.
- vi. The child has run away from home or is otherwise beyond the control of his or her parent, guardian or legal custodian.
- vii. A parent, guardian or legal custodian has subjected another child or children to an identifiable pattern of habitual abuse and the parent, guardian or legal custodian has been the respondent in another proceeding in which a court has adjudicated another child to be neglected or dependent based upon allegations of sexual or physical abuse or has determined that such parent's, guardian's or legal custodian's abuse or neglect caused the death of another child; and the pattern of habitual abuse and the type of abuse pose a current threat to the child.

# 2. Reporting Requirements

Any school employee who has reasonable cause to know or suspect that any child is subjected to abuse or to conditions that might result in abuse or neglect must immediately upon receiving such information report such fact to the appropriate department of social services, local law enforcement agency or through the statewide child abuse reporting hotline system. The employee must follow any oral report with a written report sent to the appropriate agency.

In cases where the suspected or known perpetrator is a school employee, the report should be made to the law enforcement agency. (Reports made to social services will be referred to law enforcement.)

If a child is in immediate danger, the employee should call 911. "Immediate" refers to abuse that occurs in the employee's presence or has just occurred. The employee reporting suspected abuse/neglect to social services or law enforcement officials must inform the school principal as soon as possible orally or with a written memo. The ultimate responsibility for seeing that the oral and written reports are made to social services or law enforcement agencies lies with the school official or employee who had the original

concern.

# 3. Contents of the Report

The following information should be included to the extent possible in the initial report:

- a. Name, age, address, sex and race of the child.
- b. Name and address of the child's parents, guardians and/or persons with whom the student lives.
- c. Name and address of the person, if known, believed responsible for the suspected abuse or neglect.
- d. The nature and extent of the child's injury or condition as well as any evidence of previous instances of known or suspected abuse or neglect of the child or the child's siblings—all with dates as appropriate.
- e. The family composition, if known.
- f. Any action taken by the person making the report.
- g. Any other information that might be helpful in establishing the cause of the injuries or the condition observed. It is helpful if the person reporting suspected abuse/neglect is prepared to give documentation. Thus, noting details of observations is important. It is permissible for the school official or employee to conduct a preliminary non-investigative inquiry of any injury or injuries under the following circumstances:
  - i. School personnel may inquire of the child how an injury occurred. Leading and/or suggestive questions should be avoided. School personnel may not contact the child's family or any other person suspected of causing the injury or abuse to determine the cause of the suspected abuse or neglect.
  - ii. A school employee's reasonable cause to suspect that the child has been subjected to abuse or neglect may arise from a child's vague or inconsistent response to such an inquiry or from an explanation which does not fit the injury.
  - iii. All efforts must be made to avoid duplicate or numerous interviews of the victim.

#### 4. After Filling Reports

After the report is made to the agency, charter schools, and school staff members will cooperate with social services and law enforcement in the investigation of alleged abuse or neglect. The school will report any further incidents of abuse to the agency's representative.

As the case is being investigated, the school will provide supportive aid and counseling services for the child.

Once a report of child abuse is given to the agency, the responsibility for investigation and follow-up lies with the agency. It is not the responsibility of the school staff to investigate the case. Therefore, the school staff will not engage in the following activities:

- a. Make home visits for investigative purposes.
- b. Take the child for medical treatment. (This does not preclude taking action in an emergency situation.)
- c. Convey messages between the agency and the parents/guardian.

Authorized school personnel may make available to agency personnel assigned to investigate instances of child abuse the health or other records of a student for such investigative purposes.

# 5. Guidelines for Consideration

- a. If any school employee has questions about reasonable cause of child abuse and the need for making a report, the employee may consult with their school leader. If the school leader is not available, a direct call to the county department of social services about concerns is advisable.
  - Note that consultation with another school official or employee will not absolve the school official or employee of the responsibility for reporting child abuse.
- b. In an emergency situation requiring retention of the child at the school building due to fear that if released the child's health or welfare might be in danger, it should be observed that only law enforcement officials have the legal authority to hold a child at school. Otherwise a court order must be obtained to legally withhold a child from his or her parent or guardian.

The Committee members and the Executive Director shall review the professional standards that are the framework for the work of an Executive Director. During this preliminary meeting, the Executive Director will share his/her professional goals for the year after reflecting on progress on the professional standards. The evaluation committee will give input on the professional goals to ensure that the work supports that vision and mission of Windsor Charter Academy.

# **Meetings**

The Executive Director Evaluation Committee members will meet twice a month throughout the year with the Executive Director. These meetings will allow the Committee to better understand the Executive Director's day-to-day job duties, as well as offer input and support of the Executive Director in his/her role. A summary of the topics covered in these meetings will be kept in a running log to maintain a record for the future Committee members' reference.

#### **Observations**

The Executive Board Evaluation Committee will observe the Executive Director in an authentic setting for a minimum of six times over the course of the school year.

#### Mid-Year Review

The Executive Director Evaluation Committee will meet and determine the progress the Executive Director has made on the professional standards. The committee will meet with the Executive Director to share results and discuss areas for growth for the remainder of the year.

#### Information Collection

Conducting an evaluation is a matter of gathering information and then interpreting and summarizing it. The evaluation shall be based upon multiple sources of information that can be provided by members of the Executive Board or the Executive Director.

Information may be collected from the evaluation committee and synthesized into a collective Board position, although the range of views may be presented as a basis for discussion with the Executive Director.

The Executive Director shall have an opportunity for self-review in relationship to the criteria employed by the Executive Director Evaluation Committee prior to the time that the Executive Director meets with the Committee to discuss the results of the evaluation. The Executive Director will share artifacts with the Committee if discrepancies arise on specific professional standards. After discussions around the discrepancies occur, the Committee will make final determinations and share these recommendations to the Executive Board. Upon recommendations, the Executive Board will meet to review the work of the evaluation committee. The Executive Board will accept the final evaluation or suggest changes. Once a final evaluation is accepted by the Executive Board, the evaluation results will be shared with the Executive Director.

# **Written Evaluation Report**

The evaluation shall result in a written summary of conclusions regarding the Executive Director's performance. The report shall include the following:

- 1. Specific information about the strengths and weaknesses in the Executive Director's performance based upon the agreed upon criteria.

The signature of any person on the report shall not be construed to indicate agreement with the information contained therein. The report shall be placed in the Executive Director's personnel file. The Executive Director shall be allowed to attach any written comments to the evaluation report.

# Policy CBI-R

Any suggestions for improving the performance of the Executive Director, modifying Executive Board/Executive Director relationship and/or modifying the goals and objectives of Windsor Charter Academy may be incorporated in the documents used to initiate the next evaluation.

Windsor Charter Academy Executive Board Adopted: April 2017 October 2019 March 2021

#### **CRIMINAL HISTORY RECORD INFORMATION**

The Executive Board is committed to ensuring the protection of the Criminal Justice Information (CJI) and its subset of Criminal History Record Information (CHRI) until the information is purged or destroyed in accordance with applicable record retention rules.

Accordingly, this policy applies to any electronic or physical media containing Federal Bureau of Investigation (FBI) or Colorado Bureau of Investigation (CBI) CJI while being stored, accessed, or physically moved from a secure location within Windsor Charter Academy. This policy also applies to any authorized person who accesses, stores, and/or transports electronic or physical media containing criminal history record information.

Criminal Justice Information (CJI) and Criminal History Record Information (CHRI) CJI refers to all of the FBI Criminal Justice Information Services (CJIS) provided data necessary for law enforcement and civil agencies to perform their missions including, but not limited to biometric, identity history, biographic, property, and case/incident history data.

CHRI means information collected by criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments, information, or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, and release. The term does not include identification information such as fingerprint records if such information does not indicate the individual's involvement with the criminal justice system. CHRI is a subset of CJI and for the purposes of this document is considered interchangeable. Due to its comparatively sensitive nature, additional controls are required for the access, use, and dissemination of CHRI.

# Proper Access, Use, and Dissemination of CHRI

CHRI must only be used for an authorized purpose consistent with the purpose for which it was accessed or requested and cannot be disseminated outside the receiving departments, related agencies, or other authorized entities.

Dissemination to another agency is authorized if (a) the other agency is an Authorized Recipient of such information and is being serviced by the accessing agency, or (b) the other agency is performing noncriminal justice administrative functions on behalf of the authorized recipient and the outsourcing of said functions has been approved by Colorado Bureau of Investigation (CBI) officials with applicable agreements in place.

#### **Personnel Security Screening**

Access to CJI and/or CHRI is restricted to authorized personnel. Authorized personnel is defined as an individual, or group of individuals, who have completed security awareness training and have been granted access to CJI data.

## **Security Awareness Training**

Basic security awareness training is required within six months of initial assignment, and biennially thereafter, for all personnel with access to said confidential information.

# **Physical Security**

All CJI and CHRI information must be securely stored. Windsor Charter Academy will maintain a current list of authorized personnel. Authorized personnel will take necessary steps to prevent and protect Windsor Charter Academy from physical, logical, and electronic breaches.

#### **Media Protection**

Controls must be in place to protect electronic and physical media containing CJI while at rest, stored, or actively being accessed. Electronic media includes memory devices in laptops and computers (hard drives) and any removable, transportable digital memory media, such as magnetic tape or disk, backup medium, optical disk, flash drives, external hard drives, or digital memory card. Physical media includes printed documents and imagery that contain CJI.

Windsor Charter Academy must securely store electronic and physical media within physically secure locations. Windsor Charter Academy restricts access to electronic and physical media to authorized individuals. If physical and personnel restrictions are not feasible then the data must be encrypted. When no longer usable, information and related processing items must be properly disposed of to ensure confidentiality.

# Media Sanitization and Disposal

When no longer usable, hard drives, diskettes, tape cartridges, CDs, ribbons, hard copies, print-outs, and other similar items used to process, store, and/or

transmit FBI or CBI CJI must be properly disposed of in accordance with measures established by Windsor Charter Academy.

Physical media (print-outs and other physical media) must be disposed of by one of the following methods:

- 1. Shredding using school-issued shredders; or
- 2. Placed in locked shredding bins for a private contractor to come on-site and pick up to shred the same day with a certificate of shred completion.

Electronic media (hard-drives, tape cartridge, CDs, printer ribbons, flash drives, printer and copier hard-drives, etc.) must be disposed of by one of the following methods:

- 1. Overwriting (at least 3 times) an effective method of clearing data from magnetic media. As the name implies, overwriting uses a program to write (1s, 0s, or a combination of both) onto the location of the media where the file to be sanitized is located.
- Degaussing a method to magnetically erase data from magnetic media. Two types of degaussing exist: strong magnets and electric degausses. Note that common magnets (e.g., those used to hang a picture on a wall) are fairly weak and cannot effectively degauss magnetic media.
- 3. Destruction a method of destroying magnetic media. As the name implies, destruction of magnetic media is to physically dismantle by methods of crushing, disassembling, etc., ensuring that the platters have been physically destroyed so that no data can be pulled.

IT systems that have been used to process, store, or transmit FBI or CBI CJI and/or sensitive and classified information must not be released from the Windsor Charter Academy's control until the equipment has been sanitized and all stored information has been cleared using one of the above methods.

# **Account Management**

Windsor Charter Academy must manage information system accounts, including establishing, activating, modifying, reviewing, disabling, and removing accounts. Windsor Charter Academy must validate information systems accounts at least annually and must document the validation process.

All accounts must be reviewed at least annually by the designated CJIS point of contact or their designee to ensure that access and account privileges

commensurate with job functions, need-to-know, and employment status on systems that contain CJI. The CJIS point of contact may also conduct periodic reviews.

## **Reporting Information Security Events**

Windsor Charter Academy must promptly report incident information to appropriate authorities to include the CBI's Information Security Officer (ISO). Information security events and weaknesses associated with information systems must be communicated in a manner allowing timely corrective action to be taken. Formal event reporting and escalation procedures must be in place. Wherever feasible, Windsor Charter Academy must employ automated mechanisms to assist in the reporting of security incidents.

All employees, contractors, and third-party users must be made aware of the procedures for reporting the different types of event and weakness that might have an impact on the security of Windsor Charter Academy's assets and are required to report any information security events and weaknesses as quickly as possible to the designated point of contact.

#### Policy Violation/Misuse Notification

Violation of this policy or misuse of CHRI by any personnel can result in significant disciplinary action, up to and including loss of access privileges, civil and criminal prosecution, and/or termination.

Likewise, violation of this policy or misuse of CHRI by any visitor can result in similar disciplinary action against the sponsoring employee, and can also result in termination of services with any associated consulting organization or prosecution in the case of criminal activity.

In the case where a majority of the members of the review team cannot reach a decision, the team shall refer the decision to the Executive Board President and the decision of the Executive Board President shall be final.
